Our Impact

America's Community Action Agencies embody our nation’s spirit of hope, change people’s lives, and improve communities. We promote workable solutions that connect more families to opportunity - and make America a better place to live for everyone.

Community Action Agencies:

- Connect individuals and families to approaches that help them succeed – including high quality education programs for children, job retraining for adults, stable and affordable housing for families, utility assistance for seniors, and so much more.
- Promote community-wide solutions to seemingly stubborn challenges throughout our cities, suburbs, and in rural areas - whether it’s the lack of affordable housing or the need to promote economic growth that benefits all families.
- Share expertise with national, state, and local leaders looking for evidence on what works to promote greater economic opportunity for children and families.

As a result, each year:

- 800,000 households increased their financial **Assets** or skills
- More than 8 million people received food, healthcare services and more to increase family **Health & Well-Being**
- 4 million **Children & Families** accessed childcare, after school programs, and more
- 339,000 people obtained safe, affordable **Housing** - and millions more received emergency help with heat or energy assistance
- 5.8 million people were put on a pathway to good **Jobs** through employment support
- 1.2 million people engaged in **Community Building**

Community Action Agencies are locally run but receive a range of public and private resources for their work. This includes funding from the federal Community Services Block Grant (CSBG) which provides the Community Action Agency designation. **For every $1 of CSBG funds, the Network annually leverages $7.70 from state, local, and private sources.**
