Ecosystems Are Our New Frontier

- We can only achieve breakthrough results TOGETHER
- The power of leverage to generate resources
- The larger role of community-based human service organizations
- Integration through the lived experience of those we serve
Any complex, difficult social problem is best solved not in either the public or the private sector, but rather by both sectors working together, in earnest, to bring resolution.
Ecosystems Are Our New Frontier

• We can only achieve break through results TOGETHER

• The power of leverage to generate resources

• The larger role of community based human service organizations

• Integration through the lived experience of those we serve
Advancing Neurosciences

- ACEs/Toxic stress
- Building adult capabilities
- Super Power of Coaching and “Wrap Around” as orientation
Big Data and Analytics

- The power of cross system integrated data
- Predictive modeling and artificial intelligence
- Study Variation in practice and context
