The Promise of Community Action

Community Action changes people's lives, embodies the spirit of hope, improves communities, and makes America a better place to live. We care about the entire community and we are dedicated to helping people help themselves and each other.

Land Acknowledgement

Every community owes its existence and vitality to generations from around the world who contributed their hopes, dreams, and energy to making the history that led to this moment. Some were brought here against their will, some were drawn to leave their distant homes in hope of a better life, and some have lived on this land for more generations than can be counted.

- **“This meeting is being held on the traditional lands of the _____ People, and I pay my respect to elders both past and present, who have stewarded this land throughout the generations.”**

Please take a moment to consider the many legacies of violence, displacement, migration, and settlement that bring us together here today.
