Land Acknowledgement

Every community owes its existence and vitality to generations from around the world who contributed their hopes, dreams, and energy to making the history that led to this moment. Some were brought here against their will, some were drawn to leave their distant homes in hope of a better life, and some have lived on this land for more generations than can be counted.

Land Acknowledgement

https://native-land.ca/

- **This meeting is being held on the traditional lands of the _____ People, and I pay my respect to elders both past and present, who have stewarded this land throughout the generations."**
  - Please take a moment to consider the many legacies of violence, displacement, migration, and settlement that bring us together here today.
  - **Deliver** your statement in the chat including the land/people relevant to the land that you are occupying during this session. **Learn more** by taking time to learn about the Indigenous history of the land you live on. The Partnership team will share the link to the US Department of Arts and Culture in the chat now. Visit https://usdac.us/nativeland to get started.

What is The Human Services Value Curve?

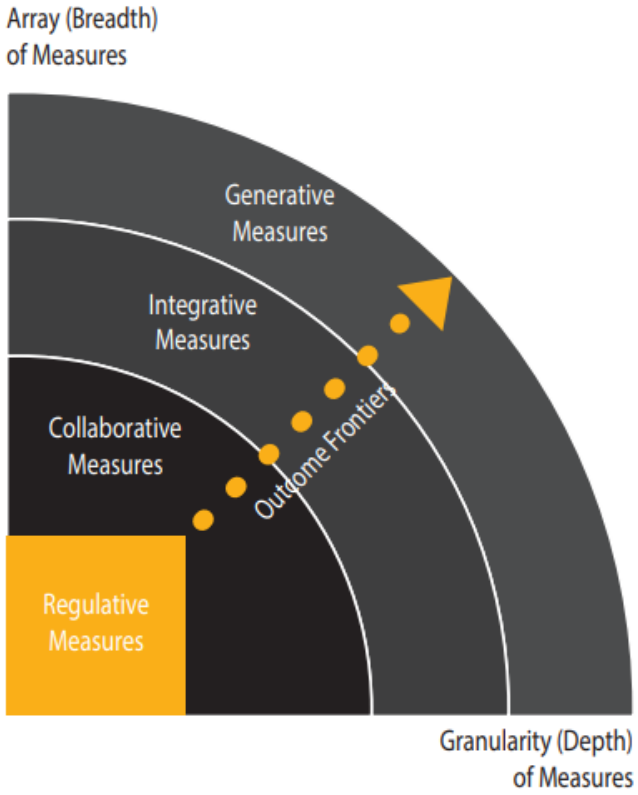

Source: The Human Services Value Curve

Regulative Horizon

The Regulative Horizon helps to understand and manage the limits within which human services can be effectively delivered and valued. It helps in making informed decisions to ensure that services are both feasible and impactful.

Key Features:

- Foundation for Efficiency
- Reliable Operations
- Outcome Metrics
- Maximizing Capacity
- Foundation for Innovation

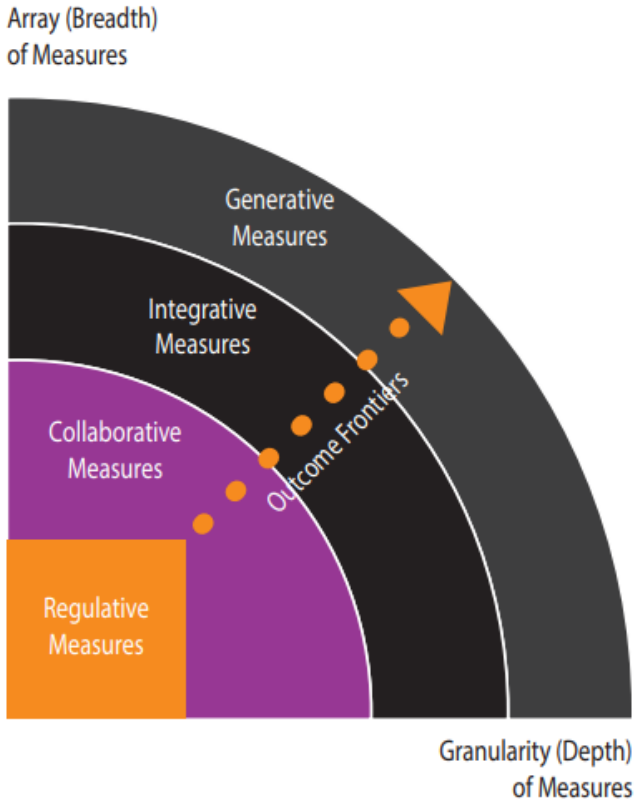

Source: The Human Services Value Curve

Collaborative Horizon

As human services organizations advance towards the Collaborative Horizon, they shift to a person-centric approach and a whole-family mindset. This model combines services to enhance the stability of individuals and families.

Key Features:

- Person-Centric Model
- Breaking Down Silos
- 2-Gen Solutions
- Enhanced Coordination
- Data Driven Innovation

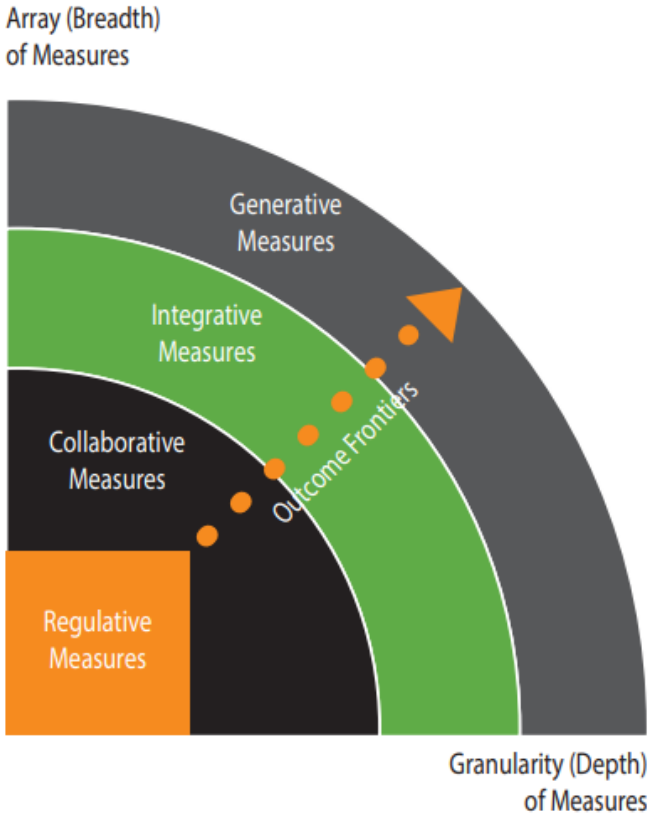

Source: The Human Services Value Curve

Integrative Horizon

The Integrative Horizon represents a significant advancement in human services, focusing on promoting sustainable social and economic mobility for individuals and families by addressing the root causes of their challenges.

Key Features:

- Sustainability of Economic Mobility
- Whole Person Approach
- Social Determinates
- Digital Integration
- Enhanced Outcomes

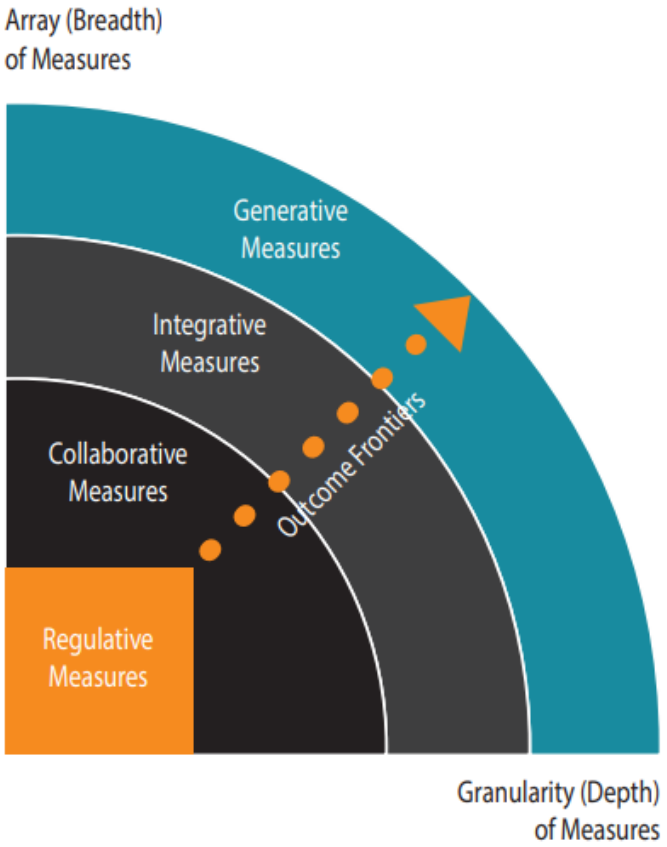

Source: The Human Services Value Curve

Generative Horizon

The Generative Horizon transforms how human services are delivered by creating a collaborative, data-informed, and equity-focused system that addresses both immediate and long-term community needs.

Key Features:

- Maximizing Social Value
- Ecosystem Integration
- Collaborative Approach
- Data Driven Insights

NEW Resource!

Systems Change Toolkit

Download at
tinyurl.com/SystemsChangeToolkit

This toolkit provides a road map for Community Action Agency leaders and other cross-sector Human Services partners to use as a guide to support the work of engaging in systems change.

Use the toolkit as a team to build knowledge and design plan of action for transforming your local human services ecosystem and advancing social and economic mobility for the families you serve!
